Jessica Yang

PM with design, technical and research background

✉ *jessica@jessicayang.org*   📞 *(+1) 203-435-4034*   🌐 *jessicayang.org*

Education

Yale University | B.S. Computer Science

2012 – 2016, New Haven, CT

- Research experience in human-robot interaction, additional breadth in arts and social sciences

Experience

Microsoft | Program Manager 2 – Microsoft Intune

September 2016 – Present, Cambridge, MA. Promoted to PM 2 in August 2018

- Ship and maintain great user experiences by actively engaging customers, defining requirements and working with people across diverse roles to prioritize and get things done
- Some projects I've led:
    - Complete rewrite and redesign of legacy web app, making some user flows 10x faster
    - Started initiative to protect trust and privacy through user-centered solutions

Microsoft | Program Manager Intern

Summer 2015, Cambridge, MA

- PM for several Intune Mobile App Management features on iOS/Android

ST Electronics (Training & Simulation) | Software Engineering Intern

Summer 2013, Singapore

- Design and development of browser-based front end to a helicopter simulation IOS
- Technologies used: HTML5, CSS, JavaScript, Lua

Freelance | Illustrator, Designer and Developer

2007 - Present

- If it's creative, I'll do it. Portfolio at jessicayang.org

Activities and Leadership

Speaker | Grace Hopper Celebration 2018, university/D&I panels   2017 – Present
